OF TRANSPORT  
ENGINEERING

THE WORLD IS IN MOTION, WE KNOW HOW!

# TRANSPORT OPERATIONS MANAGEMENT

## Are you interested in urban traffic, transport, or logistics?

Would you like to work as a transport or logistics company manager? Join us for the two-year Master's Degree Study Programme in [Transport Operations Management](#).

The [aim](#) of this study programme is to provide practical education in the transport field, covering management, transport, urban planning, traffic optimisation and logistic technologies.

We follow [trends](#) in the labour and transport markets, emphasise environmental and interdisciplinary aspects, and provide broad-based knowledge. We also collaborate with industry experts to ensure practical relevance.

## Apply now! Study at the University of Pardubice.
